

Presenting the Sekure Healthcare Program for Eligible Employees & Their Families

At one time or another, a problem may arise when you or someone in your family will need access to good healthcare. The Sekure Healthcare Program is a benefit designed to provide you health advocacy and help you reduce the cost of medical expenses in the United States and in Mexico.

The Sekure Healthcare Program has a health discount plan that can be used alone or when using your separately offered insurance benefits. The Sekure Healthcare Program will help to get you a significant discount which in turn provides greater value when included along with a separately offered limited benefit medical insurance policy insured by SymetraSM Life Insurance Company. You select the healthcare provider of your choice from our vast network. You can also receive important savings with access to thousands of healthcare providers throughout the United States and Mexico.

Sekure Healthcare is Easy to Use!

1. Call our Toll-free Patient Advocate Number (1-800-521-5329) or go to our Web Site (www.MySekure.com) when you need to find a healthcare provider.
2. Call your healthcare provider for an appointment.
3. Show your Sekure Healthcare Program ID Card at the time of your healthcare provider visit.
4. For insurance benefits covered by Symetra Life Insurance Company, be sure to show the provider both ID cards. The provider bills Symetra Life the benefit amount. Any remaining balance of the discounted bill is paid by the Member. Claims are processed by Select Benefits Administrators of America Inc., (SBAA).
5. For those bills **not** covered by insurance, you pay the discounted fee in cash when you receive your healthcare services.
